Emphasis is on fun and learning in a social atmosphere, with safety as a first concern. Windsurfing tricks, races and games will be part of the activities. There will be two classes for each session, one in the morning and one in the afternoon. Due to the wind typically being stronger in the afternoon, Kevin would prefer to keep the younger kids in the morning class and older in the afternoon. Parents are welcome to watch or even help out. They will have fun and learn also.
