2004 Wind Power Championships

A fun but competitive Regatta on “Big Beautiful Lake Winnebago”. For those who are new to the sport or competition, Wind Power takes special care to provide a fun and educational experience. There is a special course for the Sport Fleet with additional attention so everyone understands and is comfortable with the courses to be raced. Good racing is a test of one’s ability to handle all parts of the sail. Upwind tacking, reaching, jibing and downwind. Do not worry about getting in another racers way. The good racers recognize the others level and steer clear if they’re smart. There will be several types of course racing along with slalom and long distance providing the wind cooperates
