WINNEBAGO SUPERCROSSING

MoWind

2009 Points Regatta

Friday, Sept. 12th, 2007

Sponsor: A-AEXTERIORS.COM

Race Director [Jeff Knutson](#)

The Lake Winnebago Super Crossing kicks off the 2009 MoWind Race Series. This race is not for the Short Distance Sailor. The course is determined the day of the race, BUT... it could be across Lake Winnebago the Loong way - only 28 miles. Jeff is famous for supplying an event full of laughs!!!

Schedule of Events

Friday, September 12th at Wind Power in Fond du Lac, WI.

1:00 pm Skippers Meeting Waterproof business cards will be given out with a phone number to call if you need to get picked up. There will not be a chase boat. Each sailor is responsible to make it to land under any conditions, so prepare yourself and your equipment.

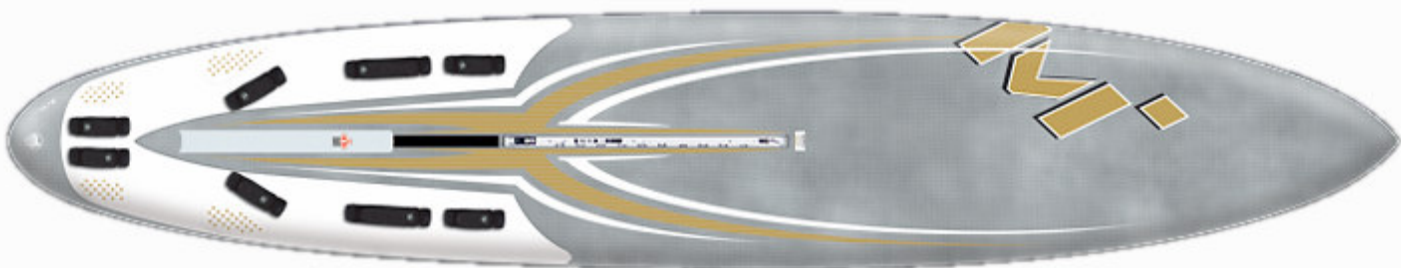

1:15 pm: Race Starts Skippers will start on land

??:??pm Start of Second Long Distance Race

??:??pm Race Ends. Finish will be on land

The party starts at Sunset Supper Club

Wind Power Lost and Found: A mast extension was left behind in Roosevelt County Park after the Walleye Wagatta. A boom and mast extension were left behind after the Menominee Water Front Regatta. Call Wind Power with a description!

The new Mistral Equipe III is the revival of the famous and successful Mistral longboard.

This board merges the traditional longboard concepts with the modern shape standards to get longboard sailing on the next level. The 383 cm long board with a concave deck for higher stiffness has all the must haves of the lightwind sailing implemented like the full and straight rails for ultimate upwind performance even carrying really big sails. The extra long full carbon daggerboard gets the board raling in lowest windspeeds already, while creating a least amount of drag. For changing conditions the daggerboard position can be fixed in various positions. The tri-concave bottom ensures early planning while the V in the 42,6 cm wide tail offers best control in higher speeds. 286Ltrs. 383 x 71

Wind Power is proud to announce the birth of the Equipe III. Is this a future best selling board?! A limited supply will be brought to the USA, so place your order this fall to ensure one for next year, call Kevin. The Equipe III will take you to the next level of the longboard revolution!

Mid-west Leader in Used Equipment

Bic Open A modern easy to use/rig sailboat for Kids!

No maintenance polyethylene hull with a modern windsurf type rig. The real beauty is there is NO BAILING! If you capsizes, just smile / laugh and use the centerboard to right the boat and off you go.

Bring your Kids and test drive a Bic Open today!

<http://www.openbic.com/>

303 is THE LEADER in UV Screening Technology. 303 Aerospace Protectant really is like "SPF 40 Sunscreen ...Your Stuff." Regular use gives 100% Prevention of UV caused slow-fade with regular use. No other "Protectant" beautifies as intensely, protects as powerfully or lasts as long.

For more uses and a free sample kit: <http://www.303products.com/>

Because of its enduring cosmetic properties, the resistance of 303-treated surfaces to dust, soiling, and staining, its water repellency and unparalleled protective characteristics, manufacturers worldwide recommend 303 Aerospace Protectant. 303 Aerospace Protectant keeps UV-sensitive materials "like new" year after year. **Wind Power highly recommends using 303 to protect your sails and kites!**

Kokatat Drysuits: http://www.kokatat.com/product_drysuits.asp We are proud to carry the Kokatat Drysuit line.

Our most popular suit is the Gortex Front Entry. It's very easy for a person to get in and out and zip without any help. It's loose fitting and very comfortable to move around in making Windsurfing or Kitesurfing enjoyable when it's cool.

Indo Board Balance Trainer: Comes with Board, Roller, Cushion and demo DVD.

What you have is a mini gym in the comfort of your living room! You can perform functional fitness exercises on both the roller and cushion in combination with dumb bells, stretch bands, and medicine balls such as squats, push-ups, oblique twists, lunges and wood chops. Using the Training Package system lets you engage both the upper body and lower body simultaneously and will add new dimension to any training regime. You create what suits your goals, whether it's better coordination and balance or sports specific functional multi-planar training.

Stand Up Paddle Boards, SUP Would you like to catch a wave, exercise on a windless day, cruise around a lake or river? The new sport of Stand Up Paddleboarding is for you! It's the easy way to learn to surf, let's say on Lake Michigan. Great for working the body core just paddling on a lake or river, while enjoying the wildlife and scenery.

Wind Power has SUP's to demo, or you can just buy a paddle and enjoy a paddle on your longboard. Most SUP's have a mast track so you can mount a windsurfing rig to it. Come in and check out the Naish, Mistral or AquaGlide SUP's today.
